FROM THE SALE MANAGER

April 11th should be a day of opportunity for cattlemen interested in Polled Shorthorns. Winchester, Virginia will be the place to select a herd bull, foundation females or if you were forced to disperse your cattle due to the extreme drought of 1963, we will be selling a number of cows with calves at foot.

These will put you right back in business in a hurry.

By this time you are well aware of the showing eastern herds made at the last "International". Checking through the catalogue you will find sons and daughters and "next-of-kin" of these winners. Cattle, too, that took home the ribbons from the Eastern National and the Harrisburg, Pa. Farm Show and other fairs.

We have made an earnest effort to offer considerable numbers and feel confident that sometime during the afternoon we will sell cattle to fit into your particular program. Several breeders of Horned Shorthorns have entered cattle of the quality that will make you want to stop and take a second look. Check them in the catalogue.

It has been interesting to note the performance of Shorthorns in Virginia's commercial herds. In 1962 the "All Shorthorn" feeder calf sale produced the highest percentage of choice and fancy calves. In 1963 Shorthorns came through again with the highest average weight. Quality and pounds keep cattlemen in business.

Plan to be with us sale day. At 10:00 A.M. Bob Priode, Superintendent of the Front Royal Beef Cattle Research Station will place the sale bulls.

Mr. Martin F. Strate
Bridgewater, Virginia
P. O. Box 65

Dear Mr. Strate:

After debating for quite some time I have decided to disperse all of my cattle at the Shenandoah Polled Shorthorn Sale, April 11, 1964. The basic reason is that starting next fall I will be attending college in the Midwest, and the practicability of retaining my cattle is nil.

Over the years in both 4-H and Open Class my cattle have done exceptionally well. Every animal has been exhibited at several county fairs, the Maryland State Fair, and the Eastern National Livestock Show. All of the animals are out of great sires; including Louada Nugget and the 1959 International Grand Champion—Rodney's Leader 29th.

Since all these cattle have been shown and they are in very good condition I prefer that they be sold as fitted animals. Also please note that this is a complete dispersion and note this in the sale catalogue.

Enclosed are cattle registrations. Belvoir Victoria Rose and Oak Hill Dorrit 58th both have calves at their side. I will send them to you immediately after they come back from the association.

Yours truly,

Alan V. Cecil
